

# Wearables

## Hands-Free Scanning Solutions

### Highlights

- Opticon's family of wearable barcode scanning devices are the perfect solution for anyone who requires the use of both hands while scanning
- Hands-free barcode scanning enables your mobile workforce to safely and quickly streamline high-volume warehouse tasks such as picking, sorting, putaway, and packing
- Bluetooth® wireless communication provides freedom of movement from the host computer
- Made of durable, yet lightweight material that is comfortable to wear
- The wearables ergonomic, low profile design helps reduce employee strain and fatigue, which aids in helping to prevent workplace accidents
- Affordable replacement gloves, armbands and docks keeps costs low, which enables each mobile worker to have their own for hygienic and sanitary purposes
- Flexible configuration options—a variety of sizes, left or right handed, adjustable straps—can be tailored to the work environment
